

# AUDITORIUM

## ROOM INFORMATION

The Festival Drayton Centre is extremely proud of its state-of-the-art auditorium, spacious and modern, the auditorium incorporates a professional working stage and a fully raked seating system that guarantees a prime view wherever you sit. Our stage is fully equipped to accommodate all manner of live events and presentations and the majority of events can be supported by our in-house sound system. The Auditorium is also home to a fully digital 2K Cinema system that screens the latest releases in both 2D and eye popping 3D. We also have a professional satellite system that allows us to screen live events from around the world!

When a flat space is required, the seating unit is fully retracted and reveals a sizable multipurpose area. Almost 10m square, this space can accommodate a large boardroom or classroom scenario. With the seating retracted a viewing balcony with seating for 33 remains. The Green Suite (dressing rooms) is located to the rear of the stage and have been constructed to enhance the multi-purpose use of the building.

## WI-FI

Wi-Fi is available throughout the Centre and is complimentary to Room Hirers.

## ACCESS

The auditorium is fully accessible to wheelchair users and the room is fitted with a Williams infrared hearing system for cinema events.

**Owned by the community and run by volunteers since 1984!**
