

# GREEN SUITE

## ROOM INFORMATION

The Green Suite is a versatile space that can be divided and split into various different configurations. The room is fitted with blackout blinds and dimmable lighting to aid in the delivery of PowerPoint presentations and such like. The room has its own foyer/reception area and toilet facilities which enable the user to be completely self-contained. The room also leads out to the Centre's community garden on Frogmore Road. The Green suite makes an ideal space for small meetings and training events and when the need arises forms part of the Centre's theatrical operation by transforming into artistes dressing rooms.

NB: In order to achieve maximum versatility in room configurations, there is a fixed central pillar that may impede sight lines with certain room layouts.

## WI-FI

Wi-Fi is available throughout the Centre and is complimentary to Room Hirers.

## ACCESS

The room is fully accessible to wheelchair users by means of a platform lift and there is an induction loop fitted for the hard of hearing.

**Owned by the community and run by volunteers since 1984!**
